

HydraFLOW™

HYDRAULIC COOLER

The specially engineered Hydraflow Hydraulic Cooler from Paragon Tank Truck Equipment features unique downward facing fan, which results in quieter operation.

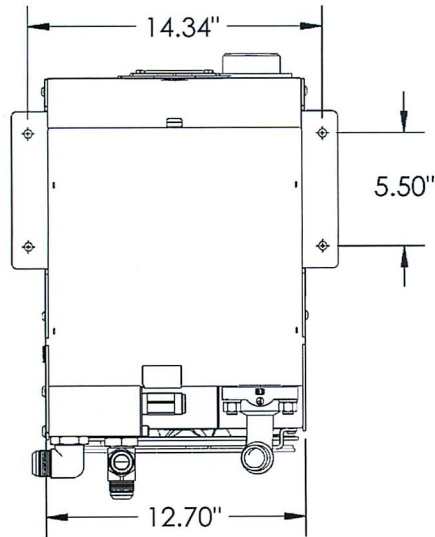

Hydraflow is designed and assembled as a complete, easy to install package. Benefits include:

- Maximum efficiency from hydraulic fan system
- Minimize filter damage with filter bypass valve
- Preventable oil spillage with quick, top mounted filter
- Recessed breather reduces water contamination
- Radiator bypass valve
- Cartridge style relief valve
- Large sight glass with "tell tale" ball

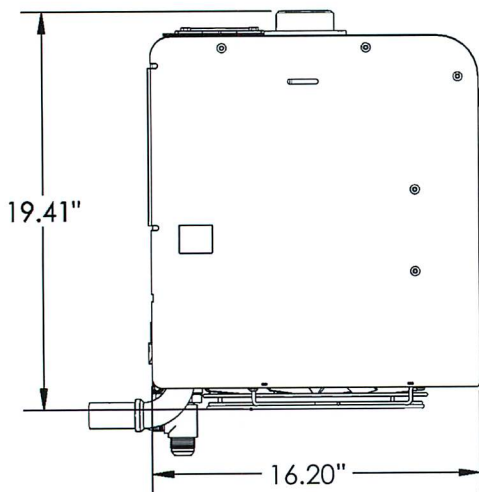

HydraFLOW™

FEATURES

- Four-gallon reservoir
- Flow rate to 30 gallons per minute
- Standard pressures—2500 psi, 3000 psi, other pressures available
- High pressure 3/4" JICM
- Low pressure return 1" JICM
- Suction 1-1/4" code 61 split flange or 2" NPT
- One 1/2" case drain connection
- 75 lbs. dry

HYDRAFLOW™ APPLICATIONS

- Chemical transports
- CO2 delivery trucks
- Crude oil transports
- Food transports
- LP gas transports/bobtails
- Lube trucks
- Maintenance trucks
- Water trucks
- Bulk Feed
- Utility & Agriculture Equipment
- Vacuum Trucks
