

# HydraFLOW™

## HYDRAFLOW SL COOLER

The Hydraflow SL Hydraulic Cooler is designed with a narrow profile to fit in very tight spaces.

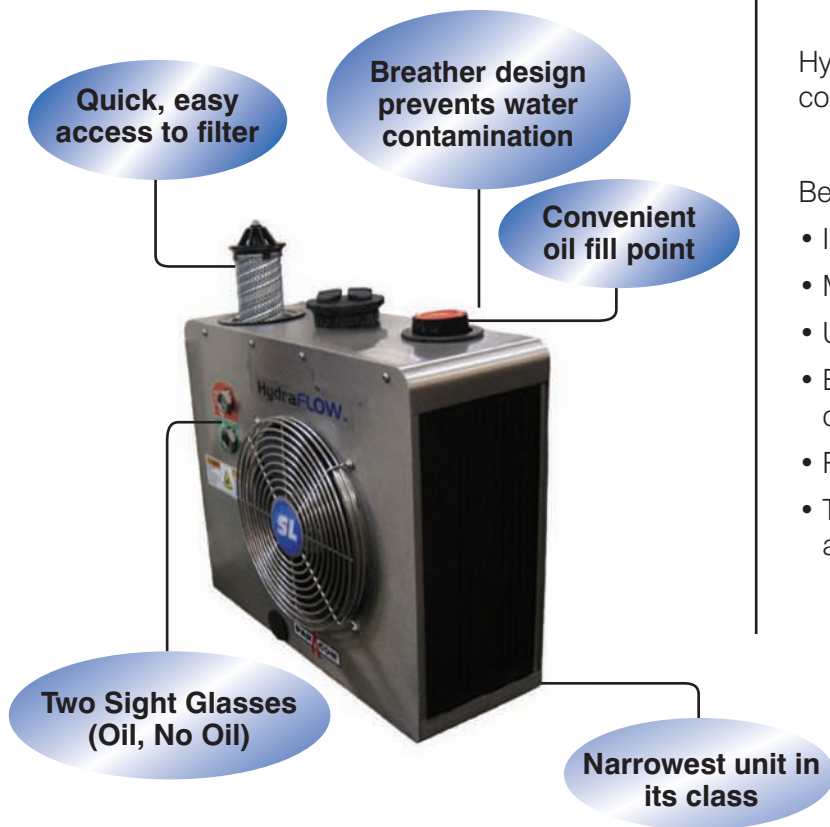

Conveniently located oil fill point at the front of the unit simplifies oil filling and permits unit to be mounted underneath the cab saving valuable frame rail space.

Hydraflow is designed and assembled as a complete easy to install package.

Benefits include:

- Ideal for tractors with short wheelbases
- Maximum efficiency from hydraulic fan system
- Under 9" wide, the narrowest unit in its class
- Breather design recessed to reduces water contamination
- Rear mount with no flanges to break
- Two conveniently located sight glasses - one empty and one full always shows correct oil level
