

## AUC NG 32 - G 1 1/4"

The asa universal connector is a patented system that offers many possibilities regarding dimension and direction of the hydraulic connection.

With each connector you can choose from 3 directions how to install it into the hydraulic circuit. The stream optimized design reduces the total pressure drop on the cooler. The omission of screwed joints reduces the number of sealing surfaces.

order number	ILLZASA32U20U00
--------------	-----------------

### Suitable for the cooler

AC-Motor	DC-Motor	Hydraulic-Motor
ASA 0177 AC	ASA 0177 12/24V DC	ASA 0177 hydraulic drive
ASA 0257 AC	ASA 0257 12/24V DC	ASA 0257 hydraulic drive
ASA 0367 AC	ASA 0367 12/24V DC	ASA 0367 hydraulic drive
ASA 0467 AC		ASA 0467 hydraulic drive
ASA 0567 AC		ASA 0567 hydraulic drive
ASA 0727 AC		ASA 0727 hydraulic drive
ASA 0927 AC		ASA 0927 hydraulic drive

### Dimensions and drawing
